SMART MIDI™

CZ-RIDER

CZ-RIDER is a powerful and simple to use program that assists you to create and store sounds for your Casio CZ series synthesizers. CZ-RIDER enables you to explore the CZ synthesizer and experiment with its awesome sound creation capabilities.

—"draw" new envelopes using a joystick
—pop-up menus, easy to use "pointer driven" user interface
—accurate color graphic display of envelope level vs. time
—full edit screen display of all voice parameters
—store and retrieve hundreds of sounds from disk
—the bottom four synthesizer keys may be used in place of the computer cursor to select and change values

and... MUCH MUCH MORE

CHERRY LANE TECHNOLOGIES

CZ-RIDER

MAJOR FEATURES

- all voice parameters are displayed on a single screen of envelope level vs. time
- accurate, color graphic display
- change envelope parameters via Rate-Level "rubberbanding"
- pop-up menus, easy to use "pointer-driven" user interface
- the bottom four synthesizer keys may be used in place of the computer cursor keys to select and change values
